

LETTER FROM THE OWL BAND BOOSTERS

On behalf of the Owl Band Boosters, I send this message with great enthusiasm as we begin another exciting school year. Thanks to the generosity of the Odem parents, staff, and corporate community, we were able to make several improvements to our concession stand this past season. We couldn't have done it without the support of everyone, if you or a company you know would like to sponsor the Owl Band Boosters, please get in contact with a Booster Officer or a Band Director.

The Owl Band Boosters supports BOTH the High School and Junior High Bands, our purpose is to maintain, improve and expand the Band programs at both schools. We work closely with the band directors and encourage school, parents and community support for the Odem Bands. We offer financial support for the bands in the form of competition fees, uniform maintenance, equipment purchases/maintenance, several meals while traveling and so much more. We do this through several fundraisers, including our Windi & Jazzi Spring Fundraiser, March-A-Thon, Sponsorship Fundraiser and concession sales at our home football games. One thing we are very proud of is that annually, the Owl Band Boosters awards scholarships to several graduating seniors.

We are a program in need of lots of help, in order to ensure we have enough help for our concession stands we have assigned parents to work for their students at specific games, please see below for your students name to find your designated night and shift. While Junior High parents are not assigned a shift (unless they have an active High School student or a student active in the Spirit of OHS), we do ask and encourage them to volunteer if they are available. If you are not able to make your assigned night, we ask that you first try to switch nights with another family, if possible; if switching is not a possibility, we ask that you please contact a Booster officer to make other arrangements to volunteer on a different night. While we understand parents are busy and have many priorities outside of their student's extra-curriculars, we also know that the only way Owl Band Boosters can continue to be successful and provide the best opportunities for your student is to have enough volunteers to efficiently and completely run the concession stands.

The Owl Band Boosters appreciate all of the efforts of the parents, students, directors, and community to help our students be successful. The Boosters support the students and directors at Odem Schools and you can help us make a difference! For information on participating with the Owl Band Boosters please follow/join us on Facebook (Owl Band Boosters) or see a Booster Officer for more information. Owl Band Boosters meet monthly on the 2nd Tuesday of the month in the High School Cafeteria at 6 PM. We look forward to seeing you at our meetings in the near future!

Sincerely,
Owl Band Boosters
